## "DIDN'T KNOW IT WAS LOADED."

The young man fell dead! A friend had pointed a revolver at him.

"He didn't know it was loaded!" We often hear it stated that a man is not responsible for what he does not know. The law presupposes knowledge and therefore condemns the man who excuses crime by ignorance! "If I had only known" has often been an unfortunate man's apology for some evil unknowingly wrought, but in a matter of general interest—as for instance that laudanum is a poison, that naphtha is a deadly explosive, that blood heavily charged with a winter's accumulations of the waste of the system,—it is one's duty to know the fact and the consequences thereof. Our good old grandmothers knew for instance, that the opening of spring was the most perilous period of the year.

Why? Because then the blood stream is sluggish and chilled by the cold weather, and if not thinned a good deal and made to flow quickly and healthfully through the arteries and veins, it is impossible to have good vigor the rest of the year. Hence, without exception, what is now known as Warner's Log Cabin Sarsaparilla, was plentifully made and religiously given to every member of the family regularly through March, April, May and June. It is a matter of record that this prudential, preventive and restorative custom saved many a fit of sickness, prolonged life and happiness to a vigorous old age, and did away with heavy medical expenditures.

Mrs. Maggie Kerchwal, Lexington, Ky., used Warner's Log Cabin Sarsaparilla "for nervous sick headache of which I had been a sufferer for years. It has been a great benefit to me." Capt. Hugh Harkins, 1114 S. 15th St., Philadelphia, Pa., says "It purified my blood and removed the blotches from my skin." Mrs. Aarea Smith, Topton, Berks Co., Pa., says she "was entirely cured of a skin disease of the worst kind," by Log Cabin Sarsaparilla. Bad skin indicates a very bad condition of the blood.

If you would live and be well, go to your druggist to-day and get Warner's Log Cabin Sarsaparilla and take no other,—there's nothing like it or as good,—and completely renovate your impaired system with this simple, old-fashioned preparation of roots and herbs.

Warner, who makes the famous Safe Cure, puts it up, and that is a guarantee of excellence all over the known world. Take it yourself and give it to the other members of the family, including the children. You will be astonished at its health-giving and life-prolonging powers. We say this editorially with perfect confidence, because we have heard good things of it everywhere, and its name is a guarantee that it is first class in every particular.

## THE LAKE.

How the Place is Being Re- named as a Summer Resort.

Lake Tahoe has always been the pride of the State of Nevada. As a Summer resort it is unequalled in the world.

Nature has lavished its natural gifts on the beauty spot of the Sierrra, and all that it now needs is proper management to make it one of the glories of the Coast.

Of late years it has not been so managed, and each day stage loads of people come down from there blaspheming the people who have pinched them under the cloak of business.

Rival hotelkeepers are cutting each other's throats. The boats which ply about the Lake are there in the interests of certain hotels to the detriment of the others.

Between the rival factions the tourist is the victim of unblushing extortion.

At Tahoe City a few days ago, some tourists were enquiring for Sunbeam and the Bellevue Hotel. The people at Tahoe said they had never heard of such a place.

Strangers on the boat say that they are never informed by the management of the boat that they have thirty minutes for lunch at Glenbrook, and the passengers do not learn that they can be accommodated until the stage is almost ready to start.

Everybody appears to be trying to cut everybody else's throat and get every dollar possible from the tourist with the idea that it is the last season and he will never come again.

This charge cannot be laid at the door of all, but so much extortion is being practiced that in a few years people will shun Tahoe just as they are now being driven away from that robbers' roost of California, the Yosemite Valley.

Complaints come to the APPEAL office daily of the vexations encountered at Tahoe, and scores of people assure us that we have never told half of what could be told of the resort.

The APPEAL has no desire to injure anyone's business, but in the interests of the traveling public we propose to throw light on this question until the public knows just where to place the blame.

## Change of Pastorate.

The Rev. VanDeventer, who has held the Pastorate of the Methodist Episcopal Church for the past three years has been assigned by the Bishop of the Diocese to Virginia City.

His departure from the city will be not only regretted by the members of his flock, but by citizens of Carson generally.

He has always been regarded as one of the most forcible preachers in the State, and his addresses are eloquent and logical. He will leave many warm friends in this city and find many new ones on the Coast.

At the close of the weekly prayer meeting on Wednesday night his congregation presented him with a valuable gold watch.

Dr. Herrick acted as spokesman for the donors, and the recipient of the time piece responded in a happy speech of acknowledgement.

## A Poor Outlook.

Owing to the scarcity of feed and water on the ranges of the sagebrush country, many cattle will be sent to market actually unfit for the shambles. There is no disguising the fact that the present season will prove an unprofitable one for Nevada cattlemen, and already there are indications that the market will be overstocked. Beef is now quoted in Reno at from five to five and one-half cents a pound, and very few buyers are willing to give that figure.

## Syrup of Figs

It is the most easily taken, and the most effective remedy known to Cleanse the System when Bilious or Costive; to dispel Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. ## The Workman's Mottoes.

The following were the mottoes displayed on the transparencies of the labor organizations at the Blaine reception in New York. They were placed aloft on the stand, within full view of the tens of thousands of Protectionists, who applauded the telling bits made in them while they cheered for Harrison and Morton and the Maine Statesman:

"Wages in Italy 10 cents a day. No wonder they come here."

"You don't hear of any one emigrating from the United States. We prefer carpets on the floor rather than sand."

"We won't be dragged down to European wages. Let Europe come up to our standard."

"Let the tariff be revised by its friends, and not by its enemies."

"There can be competition only between equals."

"Whatever is manufactured at home gives work and wages to our own people."

"The lowest priced fabric means the lowest priced labor."

"We are on the strike against the free trade Democracy and European wages."

"Let well enough alone."

"Cleveland runs well in England."

"Experience has taught me that manufactures are as necessary to our independence as to our comforts."—Thomas Jefferson.

"To be independent for the comforts of life we must fabricate them ourselves."—Thomas Jefferson.

"Cleveland has advanced Free Trade more than any British Minister."—London Times.

"The American standard of living satisfies us."

"Cleveland wants to pauperize labor."

"Never surrender to England. No pauper wages for us."

"The only time England can use an Irishman is when he emigrates to America and votes for Free Trade."—London Times.

"All Free Traders are Democrats, but all Democrats are not Free Traders."

"The Mills bill was introduced by a Free Trader."

"We had tariff revision in '46 and '57, and soup-houses followed."
